

KromaKote 8601-1™

Ceramic-like Epoxy Enamel

Applications:

Kromakote 8601-1 provides outstanding wear resistance, hardness, gloss, color retention, adhesion, permanence, and durability. Stands up to harsh environments and atmospheric conditions. Use on bath tubs, tiles, sinks, tanks, masonry, and more. Apply with brush or spray gun. Three coats are recommended for porcelain refinishing. Acts as standard base for subsequent clear coats. Available in white and custom colors.

Features and Benefits:

- Superior heavy-duty paint for metal, ceramic, wood, and other hard surfaces.
- Excellent salt-spray resistance in marine applications.
- Suitable for exterior or interior use. Endures the demands of harsh outdoor climates.
- Chemical resistance to alkalis, water, diluted acids, common solvents, detergents, oils, salts, fuels and greases.
- Requires no primer.

Manufactured By:

Technical Characteristics:
